

Wonder Wednesday 104: Spring Sprouting Rings

Up-cycle your cardboard tubes into spring sprouts!

Materials:

- Cardboard Rolls
- Paper Towel or Toilet Paper
- Potting Soil
- Seeds
- a Tray
- Scissors

1. Flatten the cardboard rolls
2. Cut the rolls into rings about 2.5 inches tall
3. Place them into a tray
4. Fill with soil
5. Plant the seeds according to the packet instruction depth
6. Add water
7. Place in a sunny window
8. Keep damp until the seeds sprout, then tend & transplant according to package instructions.
