

Gratitude Tag Color & Craft

Here is how it works:

- Print this page on card stock that is 80/90 lb weight paper.
- Color the tag using color pencils or markers; note that watercolors might warp the paper (*you might want to add extra doodles for fun).
- When finished with coloring, cut the tag (**along the grey lines).
- Use a hole punch to cut the hole at the top of the tag.
- Pull some string, yarn or other fiber through the hole and tie together to make a hanging tag – about 6-8 inches is enough.
- On the back of the tag, write down something in your life you are grateful for.
- Hang the tag where you will see it often and be reminded of the abundance in your life!

You can also use this tag in an art journal, an art book or as a book marker — ENJOY!
